Document revision history

Date	Revision	Description
31 December, 2023	1.0	Initial Version released with Kofax AP Agility 2.7.0.

Preface

Kofax AP Agility is a solution built on the Kofax TotalAgility platform. The technical specifications in this document are specific to Kofax AP Agility 2.7.0.

Kofax AP Agility 2.7.0 requires at least Kofax TotalAgility version 7.9.0.6, 7.10.0.12, or 7.11.0.5. As a result, it is recommended to read the Kofax TotalAgility Technical Specifications as well.

Analytics for Kofax AP Agility is provided alongside Kofax AP Agility 2.7.0. This is a separate download and is built on Kofax Insight 6.4. Refer to the Kofax Insight 6.4 Technical Specifications for more information.

Chapter 1

System architecture

Kofax AP Agility uses the same system architecture as Kofax TotalAgility. For more information, refer to the Kofax TotalAgility Technical Specifications.

Chapter 2

Product requirements

Kofax AP Agility has the following requirements.

Specification	Description
