Table of Contents

Preface

Tungsten AP Agility ERP Connector - Oracle Financials Cloud 1.0.0 is a technical component designed to ensure compatibility between Tungsten AP Agility and the Oracle Financials Cloud ERP.

This document is specific to Tungsten AP Agility ERP Connector - Oracle Financials Cloud 1.0.0.

Document revision history

Date	Revision	Description
23 December, 2022	1.0	Initial Version released with Tungsten AP Agility ERP Connector - Oracle Financials Cloud 1.0.0
22 April, 2024	1.1	Branding update due to company name change.

System architecture

The Oracle Financials Cloud connector is a component of Tungsten AP Agility. This means that it conforms to all technical specifications for Tungsten AP Agility. For more information, refer to the *Tungsten AP Agility Technical Specifications*.

The Oracle Financials Cloud connector communicates with Oracle Financials Cloud ERP connector via OData services. These services must be enabled on the target Oracle Financials Cloud ERP connector system.

Product requirements

Oracle Financials Cloud has the following requirements:

Specification	Description
Hardware	See the *Tungsten AP Agility Technical Specifications*.
Accessibility	See the *Tungsten AP Agility Technical Specifications*.
Browser	N/A
Mobile Operating Systems	N/A
Client Operating Systems	See the *Tungsten AP Agility Technical Specifications*.
Server Operating Systems	See the *Tungsten AP Agility Technical Specifications*.
Web Servers/Web Application Servers	N/A
DBMS	See the *Tungsten AP Agility Technical Specifications*.
Required 3rd Party Technologies	Microsoft .NET Framework 4.7
Compatible 3rd Party Technologies	Oracle Financials Cloud (OFC)
Required Tungsten Automation Software	Tungsten AP Agility 2.5.0 or higher
Compatible Tungsten Automation Software	Tungsten AP Agility 2.5.0 or higher
Languages supported	English
