About Kofax Analytics for Process Director technical specifications

Kofax Analytics for Process Director is a supplementary product for Kofax Process Director Accounts Payable. It is a tool for AP managers and supervisors, looking to obtain and maintain insight into efficiencies of the AP department and its various processes.

Kofax Analytics for Process Director is based on Kofax Insight analytical platform and supports different versions of the SAP, Kofax Process Director and ReadSoft Invoices. The technical specifications in this document are specific to Kofax Analytics for Process Director version 1.0.0.
