Technical Specifications

Tungsten Export Connector for Microsoft SharePoint copies document images, OCR Full Text files, Tungsten PDF documents, and eDocuments to permanent storage and writes data from Tungsten Capture, Tungsten TotalAgility, or Kofax Express into the Microsoft Office SharePoint repository or the SharePoint Online for Microsoft 365 repository.

The technical specifications in this document are specific to Tungsten Export Connector 8.7.0 for SharePoint.

To support your export connector product, verify that the requirements listed in this document are met, including the amount of memory and disk space. These requirements apply specifically to Tungsten Export Connector 8.7.0 for SharePoint, and do not include any amount of memory or disk space required for the operating system, environment, or other software that may be running on the same server or workstation.

Product requirements

Specification	Description
