Release Notes

Please read these notes carefully because they contain information that is not included in the Kofax Mobile Capture documentation.

Version Information

The Kofax Mobile Capture release has the following build number, which appears in the About screen: Kofax Mobile Capture: version 3.7.0.0.0.120.

New features

The following features were added for this release:

- The user interface has been updated to use new adaptive icons and splash screen.
- Pending documents are now shown in a grid view.

Changes in behavior

The following features were changed in this release of Kofax Mobile Capture:

- The geo-tagging location feature is no longer provided. Location information is displayed if provided with the image, but it is not included in newly captured images.
- Target gift card support has been removed.
