# Introduction

The technical specifications in this document are specific to Kofax PaperPort, 14.7.1.

To support your Kofax PaperPort system, verify that the requirements listed in this document are met, including the amount of memory and disk space. These requirements apply specifically to Kofax PaperPort and do not include any amount of memory or disk space required for the operating system, environment, or other software that may be running on the same server or workstation.

# Product Requirements
