Preface

Kofax mobiFlow is a Software Development Kit (SDK) for building mobile applications that capture and process documents on iOS and Android mobile devices. This document is only applicable to Kofax mobiFlow 6.2.0.

Specific hardware and software compatibility requirements are outlined in the [Product requirements](#) section. These requirements specifically list the needs of the Kofax mobiFlow SDK and exclude any additional requirements for other software components you might use in your application.

Product requirements

This section describes the specifications for the Kofax mobiFlow SDK.

Specification	Description
Hardware	<ul style="list-style-type: none">• Apple iPad and iPhone hardware that supports iOS 14 or higher.• Android tablet and phone hardware that meets or exceeds the following specifications:<ul style="list-style-type: none">• Supports Android 8.0 or higher• Minimum memory: 2 GB• Minimum processor frequency: 1.2 GHz, dual core• Processor architectures:<ul style="list-style-type: none">• armeabi-v7a• armeabi-v8• ARM64 simulator support for iOS• Minimum camera resolution: 8 MP with auto-focus <p> Armeabi devices earlier than armeabi-v7a are no longer supported.</p>
Accessibility	As all the operations are executed locally on the device, no network connection is required to use the SDK. However, a network connection is required to transfer any images or processing results to customer-provided server infrastructure.
Browser	Not applicable
Mobile Operating Systems	<ul style="list-style-type: none">• Apple iOS 14 or higher• Android 8.0 or higher
Client Operating Systems	Not applicable
Server Operating Systems	Not applicable
Web Servers/Web Application Servers	Not applicable
DBMS	Not applicable

Specification	Description
Required Third-Party Technologies	Not applicable
Compatible Third-Party Technologies	<ul style="list-style-type: none">• XCode 14.1 or higher• Android Studio 2020.3.1 (Arctic Fox) or higher <p>i iOS and iPadOS apps submitted to the App Store must be built with Xcode 14.1 or later. For more information on Apple notary service update visit the Apple website.</p> <p>i Cordova and ReactNative are no longer supported.</p>
Required Kofax Software	None
Compatible Kofax Software	Not applicable
Languages Supported	English
